

RAGADHARSHINI S

MERN Stack Developer | React.js | Node.js | MongoDB

Trichy, Tamil Nadu | sragadharshini0@gmail.com | +91 9943142785

<https://www.linkedin.com/in/ragadharshini040706> | <https://github.com/Raga-dharshini04>

PROFESSIONAL SUMMARY

B.Sc. Computer Science student and aspiring MERN Stack Developer with hands-on experience building full-stack web applications. Proficient in React.js, Node.js, Express.js, and MongoDB. Demonstrated ability to deliver production-ready features including JWT authentication, RESTful APIs, real-time communication, and responsive UI design. Available for full-time roles from June 2026.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap.
- **Backend:** Node.js, Express.js, REST APIs, Socket.io, JWT Authentication.
- **Database:** MongoDB (CRUD, Aggregation), SQL.
- **Tools & Others:** Git, GitHub, Responsive Web Design, Postman (API Testing), Version Control.
- **Methodologies:** Problem Solving, Component-Based Architecture, MVC Pattern, Testing.

PROJECTS

MURA – South India Tourism Platform | *MERN Stack, Tailwind CSS, JWT, Nodemailer*

GitHub: [Raga-dharshini04/mura-travels](https://github.com/Raga-dharshini04/mura-travels)

- Built a full-stack travel platform dedicated to South Indian heritage using the MERN stack and styled with a luxury aesthetic via Tailwind CSS.
- Developed a clean, decoupled architecture with a React.js frontend and a Node.js/Express.js backend, managing 15+ complex data models for trip plans, bookings, and user reviews.
- Secured the admin dashboard against unauthorized access by implementing JWT (JSON Web Tokens) and Bcrypt password hashing for robust authentication.
- Integrated Nodemailer with Gmail SMTP to provide instant, automated booking confirmations to both travelers and site administrators.
- Created a comprehensive management panel allowing for full CRUD (Create, Read, Update, Delete) operations on destinations and real-time tracking of platform analytics.

E-Learning Platform | *MERN Stack, Bootstrap*

GitHub: github.com/Raga-dharshini04/elearning-mern-platform

- Developed a comprehensive learning management system using **MongoDB, Express, React, and Node.js (MERN)** to handle dynamic course delivery.
- Engineered distinct user journeys for students and instructors, allowing for secure profile updates and personalized course dashboards.
- Implemented a full suite of **CRUD operations**, enabling instructors to create, update, and manage course content in real-time.
- Verified backend stability by testing **15+ API scenarios** to ensure that data like course progress and user details is handled accurately across all endpoints.

Collaborative Learning Platform | *React.js vite, React Router* | **Live Demo:** vulable-fox-689572.netlify.app

- Built a highly interactive, multi-page frontend with seamless routing using React Router.

- Developed 10+ reusable React components, significantly improving code maintainability and reducing duplication.
- Managed complex state and props for dynamic content delivery across multiple user roles.

Vintage Café Website | *HTML5, CSS3* | **Live Demo:** comfy-cat-8a803a.netlify.app

- Developed a clean, static café menu website with a vintage-themed design using semantic HTML and custom CSS.

EXPERIENCE

Frontend Developer Intern — LiveWire, Trichy.

2024

- Collaborated with a development team to translate UI/UX designs into **production-ready React components**, ensuring 100% responsiveness across mobile and desktop devices.
- Optimized frontend performance and code maintainability by implementing **reusable component architectures**.
- Standardized development workflows by utilizing **Git/GitHub for version control**, participating in code reviews, and following Agile inspired sprint cycles.

CERTIFICATIONS & ACHIEVEMENTS

- Python — Data manipulation and visualization
- Paper Presentation: "AI Creating AI" — Technical Event

EDUCATION

B.Sc. Computer Science

2023 – 2026

Dhanalakshmi Srinivasan College of Arts and Science for Women (Autonomous), Perambalur | **CGPA: 8.0 / 10**

Higher Secondary (State Board)

2022 – 2023

The Girls' Higher Secondary School, Srirangam, Trichy | **78%**
